

Code-Layout, Readability and Reusability

Date	29 September 2026
Team ID	SWTID-2026-7108
Project Name	Implement Client Script & UI Policy (Incident)
Maximum Marks	5 Marks

Code-Layout, Readability and Reusability:

This document evaluates the quality of the codebase in terms of its structure, readability, and reusability. Well-organized code with proper naming conventions, comments, and modular design ensures that the project is maintainable and can be extended or reused in future development.

Code Layout Checklist:

S.No	Code Quality Parameter	Description	Followed (Yes / No / Partial)	Remarks
1	Consistent Indentation	Uniform spacing/tabs used throughout the code	Yes	Same indentation in every script
2	Proper File Structure	Files and folders are logically organized	Yes	Scripts grouped by form and type
3	Meaningful Variable Names	Variables reflect their purpose clearly	Yes	For example callerRecord, priorityValue
4	Function / Method Names	Functions are descriptively named	Yes	For example populateCallerDetails
5	Code Comments	Inline and block comments explain logic	Yes	Each script has a header comment
6	Modular Design	Code is split into reusable functions/modules	Yes	One script for each behaviour
7	No Redundant Code	Duplicate or unused code is removed	Yes	No unused scripts left active
8	Error Handling	Exceptions and errors are handled gracefully	Yes	Empty values are checked first

Reusable Components / Modules:

S.No	Component / Module Name	Language / Technology	Where Reused	Reusability Level (High / Medium / Low)
1	Caller auto-populate script	JavaScript (GlideForm, GlideAjax)	Problem and Change forms that have a Caller field	High
2	Subcategory filter script	JavaScript (GlideForm)	Any form with Category and Subcategory	High
3	Close information UI Policy	UI Policy	Problem and Change tasks with Resolved / Closed states	Medium
4	On hold reason UI Policy	UI Policy	Any task table with an On Hold state	Medium
5	Critical (P1) alert script	JavaScript (GlideForm)	Problem forms with a Priority field	Medium

Overall Code Quality Assessment:

Aspect	Rating (1-5)	Comments
Code Layout & Structure	4	Clear and consistent layout in all scripts.
Readability	4	Clear names and short functions.
Reusability	4	Scripts can be reused on other task forms.
Documentation / Comments	4	Every script has a header comment and a description.
Overall Score	4	Good quality and easy to maintain.
